

# Emergency Preparedness

---

## PROCUREMENT PLANNING

- The key to managing disasters is to plan ahead. Whether it is gloves, masks, antibiotics, or other health care products, MMCAP Infuse is dedicated to providing personalized service with open communication from solicitation to delivery. Additionally, MMCAP Infuse provides assistance with locating local and national agencies in your area prior to and during emergencies.
- For Emergency Preparedness and Stockpiling MMCAP Infuse Offers:
  - Individualized procurements
  - Volume discounts
  - Specialized labeling for direct distribution to patients
  - Ability to ship product to one or multiple locations for storage
  - Compilation of up-to-date resources for contingency planning
  - Coordination of manufacturers, distributors, and purchasers
  - Timeline management to meet funding deadlines
  - Optimal customer service and communication
