Re: Federal Excise Tax (FET)

FET is tax money that is put into the Vaccine Injury Compensation Trust Fund. That trust provides funding for the National Vaccine Injury Compensation Program, which compensates for vaccine-related injury or death claims for covered vaccines administered on or after October 1, 1988.

The Health Resources & Services Administration website includes additional information about FET and the National Vaccine Injury Compensation Program:

<https://www.hrsa.gov/vaccine-compensation/index.html>.
